Prompt for FPV Drone shot of the City

```
{
  "meta": {
    "aspect_ratio": "16:9",
    "duration_hint": "8s",
    "model": "Veo 3",
    "platform": "TikTok, Reels, Shorts"
  },
  "variants": {
    "cinematic": {
      "description": "One-take FPV flight over a vibrant Indian city, starting above a rooftop terrace with kite strings and pigeons, diving through narrow lanes, skimming over pastel homes with terrace gardens, sweeping past a banyan tree and local market, then gliding over a riverfront ghat and rising to a skyline wrapped in monsoon greenery.",
      "visual_style": "photorealistic, premium-grade, subtle film grain, clean color grade, crisp textures, natural haze",
      "camera": "true FPV one-take; fast lift-off, controlled dive, smooth orbit, gentle split-S; steady horizon lock; speed ramps 80%→140%→90%; ultra-wide 14–18mm look",
      "main_subject": "the city itself as a living organism: rooftops, homes, cricket on side streets, chai stalls, laundry lines, temple spires",
      "background": "dense urban fabric, palm clusters, parks, wetlands, distant hills, reflective river; no brand signage",
      "lighting_mood": "golden hour warming into soft blue hour; volumetric sunrays, practical warm lanterns, cool sky fill",
      "audio": "layered ambience: wind rush + distant city hum, scooter beeps, soft temple bells, faint market chatter; cinematic bass swell on skyline reveal",
      "color_palette": "earthy ochres, pastel facades, leaf greens, river teal, warm amber practicals, cobalt evening sky",
      "hook": "instant rooftop dive between kite strings revealing a massive panorama in the first 2 seconds",
      "finale": "vertical climb above clouds; the city lights form a gentle heart-shaped cluster before fade to dusk",
      "keywords": ["FPV drone", "Indian city", "monsoon greenery", "rooftop terraces", "ghats", "one-take", "golden hour", "vertical 9:16", "photorealistic", "speed ramp"],
```

"negative_prompt": "no watermarks, no stock logos, no subtitles, no unwanted text, no political banners, no celebrity likeness"

},

"POV": {

"description": "You are the FPV drone lifting off from a palm-lined rooftop, threading alleys, brushing treetops, and cruising above colorful homes as children play cricket below, then coasting along a lakeside park and up past temple domes to meet the evening sky.",

"visual_style": "immersive POV realism, slight motion micro-jitters, natural vignetting, crisp details, minimal post",

"camera": "hand-flown FPV feel; low-altitude proximity flight, close tree fly-bys, fast reveal whips, gentle horizon tilt; subtle ND look",

"main_subject": "everyday life patterns: homes, terraces with potted plants, rooftop water tanks, drying clothes, street vendors",

"background": "green belts, banyan canopies, lotus-speckled lake, local trains in the distance, layered skyline",

"lighting_mood": "warm late-afternoon sun with soft shadows; turns cooler at altitude",

"audio": "wind rush foreground; distant vendor calls, bicycle bell, soft percussion beat syncing with speed ramps",

"color_palette": "sunlit terracotta, mint and turmeric pastels, deep foliage greens, lake teal, amber highlights",

"hook": "snap up from rooftop herbs to a whip-pan alley dive that reveals the whole neighborhood immediately",

"finale": "slow orbit above a temple courtyard bell as dusk lights glow; gentle vignette out",

"keywords": ["POV", "FPV proximity", "terrace gardens", "alley dive", "temple dome", "lake park", "Indian homes", "vertical 9:16"],

"negative_prompt": "no watermarks, no stock logos, no subtitles, no unwanted text, avoid readable license plates and close identifiable faces"

},

"meme": {

"description": "High-energy FPV sprint across an Indian city: turbo takeoff, near-miss clothesline moment, swoop through a cricket shot mid-air, thread between two coconut trees, then comedic brake before a cow crossing and explosive rise to a lush citywide reveal.",

"visual_style": "punchy contrast, slightly oversaturated, sharp clarity, playful timing, quick zoom punches",

"camera": "whip-pans, snap-zooms, punch-in orbits, speed ramp gags (record-scratch pause → hyper zoom out → rocket climb)",

"main_subject": "homes, lanes, rooftop life, greenery, parks, street corners with chai steam",

"background": "festival bunting, banyan shade, pastel housing blocks, hazy skyline",

"lighting_mood": "bright late-day glow with comic timing highlights",

"audio": "whooshes, record scratch, bongo hit on near-miss, crowd ooh, then triumphant brass sting on skyline",

"color_palette": "vibrant greens, saffron warmth, teal shadows, pastel walls, neon accents at dusk",

"hook": "immediate zip past drying saris and a split-second near-miss clothesline dodge",

"finale": "freeze-frame mid-climb with triumphant sting, then continue to reveal the full green city before a wink-blink camera shutter",

"keywords": ["meme energy", "speed ramps", "record scratch", "FPV comedy", "city reveal", "vertical 9:16"],

"negative_prompt": "no watermarks, no stock logos, no subtitles, no unwanted text, no offensive stereotypes"

Durga Puja FPV Drone shot

{

"meta": {

"aspect_ratio": "9:16",

"duration_hint": "12-18s",

"model": "Veo 3",

"platform": "TikTok, Reels, Shorts"

},

"variants": {

"cinematic": {

"description": "One-take FPV flight through a vibrant Indian local market during Durga Puja: lift off above marigold garlands, dive into a lantern-lit lane buzzing with crowds, thread through a pandal entrance curtain of flowers, skim past incense smoke and flags, close-pass a towering Goddess Durga idol (safe respectful distance), then burst out over rooftops to a serene city lake glowing with reflections.",

"visual_style": "photorealistic festival realism, subtle film grain, clean color grade, light haze from incense, crisp textures",

"camera": "continuous one-take FPV; rooftop lift-off → alley dive → doorway thread → statue close-pass (roll + tilt) → street run at head-height → rising crane-like climb to lake; ultra-wide 14–18mm look; gentle horizon lock with organic micro-jitter; speed ramps 80%→120%→90%",

"main_subject": "Durga Puja celebration: large Durga idol with intricate details, busy market vendors, devotees, drummers, flower stalls, colorful pandals",

"background": "hanging marigolds, fairy lights, buntings, incense plumes, terracotta rooftops, a city lake with diyas and reflections, distant skyline",

"lighting_mood": "golden hour fading into blue hour; warm tungsten and fairy lights; volumetric sunrays and incense haze",

"audio": "rich ambience: dhol and nagara rhythms front and center, conch shell blasts, joyful crowd reactions, subtle wind rush during close passes; orchestral bass swell on lake reveal",

"color_palette": "saffron and marigold, vermilion red, gold accents, pastel facades, deep foliage greens, teal lake, warm amber practicals",

"hook": "0–2s: aggressive alley dive bursting through garlands to an immediate face-to-face reveal of the Durga idol",

"finale": "smooth vertical climb from the last pandal to a wide, tranquil lake vista with reflections forming a gentle heart-like pattern before dusk fade",

"keywords": ["FPV drone", "Durga Puja", "Indian local market", "pandals", "idol close pass", "dhol nagara", "incense", "one-take", "golden hour", "city lake"],

"negative_prompt": "no watermarks, no stock logos, no subtitles, no unwanted text, avoid readable license plates and close identifiable faces, respectful depiction of religious imagery"

},

"POV": {

"description": "You are the FPV weaving through a packed Durga Puja bazaar: skim over flower baskets, whip under bunting, slide through a pandal entrance as dhols thunder, brush past flags and incense smoke, perform a gentle orbit and respectful close pass of a grand Durga idol, then rocket up between rooftops to glide over a calm lakeside lined with lights.",

"visual_style": "immersive POV realism, natural vignette, minimal post, crisp micro-contrast, vibrant festival lighting",

"camera": "hand-flown feel; proximity flight at head level; doorway thread; slow-motion beat hit on idol orbit; single unbroken take; slight ND look; speed-ramp accents synced to drums",

"main_subject": "festival life: vendors selling sweets and flowers, drummers, families, pandal volunteers, the Durga idol as centerpiece",

"background": "lanterns, fabric canopies, bamboo scaffolding, prayer flags, rooftops with spectators, lakeside promenade",

"lighting_mood": "warm practicals, fairy lights sparkle, cool evening sky fill, incense haze catching light",

"audio": "POV wind + tactile proximity swishes; layered dhol–nagara rhythm, hand-claps, conch blasts; ambient crowd cheer rising at the idol and softening at the lake",

"color_palette": "marigold orange, sindoor red, gold leaf, peacock blue, teal water, emerald foliage, warm tungsten",

"hook": "instant drop from rooftop to eye-level through flower strings, revealing the festival density and sound surge",

"finale": "gentle orbit above the lake where diyas ripple; music resolves to resonant nagara hits and a soft drone pad",

"keywords": ["POV one-take", "festival market", "pandal thread", "Durga idol", "incense haze", "dhol nagara", "lakeside", "vertical 9:16"],

"negative_prompt": "no watermarks, no stock logos, no subtitles, no unwanted text, avoid close-ups of identifiable faces, respectful religious context"

},

"meme": {

"description": "High-energy one-take FPV sprint through Durga Puja lanes: turbo zip past flower stalls, playful near-miss between bunting, thread the pandal arch, comedic micro-brake before a massive Durga idol then respectful glide-by, speed-ramp slalom past pandals as dhols drop, and a triumphant rocket climb to a sparkling city lake.",

"visual_style": "punchy festival contrast, saturated celebratory colors, crisp clarity, rhythmic motion accents, quick push-in zooms without cutting",

"camera": "single continuous take; whip-pans, snap-tilts, gentle dolly-zoom feel via FOV animation; proximity orbits; speed ramps timed to drum fills",

"main_subject": "market chaos made joyful: sweets, flowers, flags, drummers, dancers, deity idol, cheering crowd",

"background": "fairy-light canopies, incense trails, rooftops, pandal skyline, reflective lake",

"lighting_mood": "bright warm practicals vs cool sky; neon accent strings; haze for depth",

"audio": "meme-ready hits: whoosh swells, record-scratch micro-pause before idol glide, then massive dhol–nagara drop, crowd 'ooh' and celebratory shouts",

"color_palette": "hot saffron, vermilion, gold, teal, emerald, magenta accents",

"hook": "0–2s clothesline-dodge through marigold strings into instant pandal reveal with drum kick",

"finale": "freeze-like hold at apex above the lake with triumphant brass sting, then gentle drift as drums fade",

"keywords": ["meme energy", "FPV festival", "pandals", "idol close pass", "speed ramps", "dhol drop", "one take", "city lake", "vertical 9:16"],

"negative_prompt": "no watermarks, no stock logos, no subtitles, no unwanted text, avoid offensive stereotypes, maintain respectful tone for religious imagery"
